In the event of a capital increase where new common or preferred shares are issued against cash contributions, where appropriate under applicable regulations, shareholders may exercise within any time limit granted by the Board of Directors -which shall not be less than the minimum period provided for in applicable laws- a right to subscribe for a number of shares proportional to the face value of their shares at that time.
2. The General Meeting or, where appropriate, the Board of Directors may exclude, wholly or in part, this preferential subscription right where the corporate interest so dictates in the circumstances and under the conditions laid down by statute.
3. No preferential subscription right shall exist if the capital increase is charged to contributions in kind or the conversion of bonds into shares or is otherwise due as a result of a takeover by the Company of another company or of all or part of any assets spun off from another company.

3. The General Meeting may, in accordance with applicable laws, reduce the share capital to redeem a certain group of shares, provided that such group is defined on the basis of substantive, homogeneous, objective and non-discriminatory criteria. The Board of Directors is vested with the broadest powers and authority to manage, guide, administer and represent the Company, and may entrust the ordinary management of the Company to any delegated bodies and, in such a case, shall focus its efforts on the general supervision and consideration of matters of particular significance to the Company.

**ARTICLE 35.- Composition of the Board of Directors.**

1. The Board of Directors shall be made up of five and a maximum of fifteen directors, as determined by the General Meeting.

3. The Board of Directors, in exercising its powers to propose appointments to the General Meeting and to co-opt any directors, shall ensure, as far as possible and with respect to the composition of the Board, that non-executive or external directors represent a majority over executive directors, thereby ensuring that the

number of independent directors represents at least one third of all members of the Board. Additionally, the number of executive directors shall be kept to any necessary minimum, taking into account the complexity of the group and any stakes held by executive directors in the share capital of the Company.

4. This shall be without prejudice to any shareholder rights to proportional representation under applicable laws.
5. The definitions of the different types of director shall be those established in any legislation applicable to the Company from time to time.

In case there is an external director who cannot be classified as either a proprietary or independent director, the Company shall disclose this and any links between such director and the Company or its other directors or shareholders.
7. If the Chairperson of the Board of Directors is an executive director, then the Board shall necessarily appoint a Lead Director among the independent directors. No executive directors shall vote for the purposes of this appointment, and the Lead Director shall be particularly authorised to:

1. Directors shall hold office for a period of four years and may be re-appointed one or more times for successive four-year terms.
2. The appointment of directors expires, following the end of their term of office, on the date when the next General Meeting is held or otherwise when the statutory term for holding the General Meeting to approve the previous year's financial statements expires.
3. Directors appointed by co-option shall hold office until the first meeting of the General Meeting is held after their appointment.

**ARTICLE 37.- Appointment of officers on the Board of Directors.**

The Board of Directors shall, following a report by the Appointments and Compensation Committee, appoint from among its members a Chairperson and, optionally, one or more Deputy Chairpersons who shall replace the Chairperson in the event of vacancy, absence or illness according to the order established by the Board.

The Board shall also, following a report by the Appointments and Compensation Committee, appoint the Secretary to the Board.

2. The Chairperson or Deputy Chairperson must be a director. The Secretary needs not be a director. A non-director Secretary shall have a right to speak but no right to vote at board meetings.

4. The authority of any delegated bodies to represent the Company shall be governed by the provisions in the delegating resolution. In the absence of any indication to the contrary, the authority to represent the Company shall be understood to have been delegated to the Managing Director on an individual basis or, if there are several Managing Directors, to each Managing Director on an individual basis. In the event that the Company has appointed an Executive Committee, this authority shall be deemed to have been delegated to the Chairperson of such Committee.

**ARTICLE 39.- Meetings of the Board of Directors.**

1. The Board of Directors shall meet as often as is convenient for the proper performance of its duties and at least once a quarter, and also as directed by the Regulations of the Board of Directors.

Additionally, the Board shall meet, on the initiative of its Chairperson, as often as considered appropriate by such Chairperson to ensure a proper operation of the Company and also when requested by, at least, one third of the directors or, if any, by the lead independent director. This request shall include the agenda of the meeting, and in such a case the Chairperson shall call a meeting of the Board to be held within one month from the date of the request. If, despite the request, the Chairperson fails -without good cause- to call a meeting of the Board to be held within such period, the requesting directors may call the Board directly.

2. Board meetings shall be called by order of the Chairperson by any means that allows for the call notice to be received, including by email, by the Secretary to the Board or acting secretary. The notice of call shall necessarily include the agenda of the meeting and all relevant information so that all directors are duly informed before the meeting is held. Calls shall be sent at least five business days in advance.
3. As an exception, the Chairperson of the Board -or acting chairperson- may call a meeting of the board by phone or e-mail when, in his/her opinion, extraordinary circumstances so dictate, and in such a case neither the advance notice period nor any other requirement noted above shall apply.
4. Notwithstanding the above, the Board of Directors shall be deemed validly formed without the need for a call whenever all directors are present (in person or by proxy) and unanimously agree to hold a meeting and the items on the agenda.

**ARTICLE 40.- Venue.**

Board members attending from any of such interconnected offices shall be deemed attendees at the same meeting of the Board of Directors. Such a meeting shall be deemed to take place in the place where most directors attend and, in the event of a tie, in the place where the Chairperson of the Board or acting chairperson attends.

  - (f) saving systems or social benefit schemes where deemed appropriate.
3. Without prejudice to the obligations regarding the remuneration policy for directors set out in applicable legislation from time to time, the amount of remuneration shall not be updated unless and until the General Meeting resolves otherwise.

4. The specific amount payable to each director under each item above and the method of payment shall be determined by the Board of Directors. To that end, the Board shall take into account the position held by each director in the Board and its membership and attendance at the committees of the Board.
5. In addition, directors shall be reimbursed for expenses incurred as a result of their activities assigned to them by the Board.
6. Any rights and duties arising from their membership of the Board of Directors shall be compatible with any other rights, obligations and compensation that may accrue to directors as a result of any other functions or office, including executive functions, additionally performed by the relevant director in the Company. The remuneration of directors for the performance of any duties other than their collegiate supervision and decision-making duties as members of the management body of the Company, including executive functions, which shall be determined by the Board of Directors (subject to prior approval by the General Meeting where appropriate in light of the characteristics of such remuneration) may consist without limitation of any compensation under paragraphs 2.(a) to 2.(f) above.
